Arrival Guidelines for First-Time Visitors to Bangalore

Dear Members,

For those visiting Bangalore for the first time, please find below a set of arrival guidelines to help you navigate and settle in smoothly.

1. Join the NSUB and Relevant Sub-Unit Groups

- Join the NSUB main group and the sub-unit group you belong to. These groups offer vital support such as legal aid, local advice, and peer guidance.
 - LinkTree: Contains a link to all official NSUB-related links, the sub-units WhatsApp group invite, and Instagram. [click here](#)
 - Join the NSUB WhatsApp Group now: Be a part of the NSUB Family. [click here](#)
 - Join the NSUB Instagram Page: For information release, and other Circulars. [click here](#)
 - NSUB official website: All the contacts and information needed are available on this website. (<https://nsub.org.in/>)

2. Respect the Availability of NSUB Leaders

- NSUB and sub-unit leaders are often helping multiple people. Please don't expect airport pickups or lodging unless you inform them at least 24–48 hours in advance and they agreed to it. Last-minute requests may not be possible.
- To be self-reliant do the following below (point 3 to 7)

3. Travel in Small Groups if Possible

- Find others coming to Bangalore and arrive together and stick together, the more the better. Arriving as a group is safer and helps the leaders coordinate better.
- It's easier to communicate with one point of contact than several individuals.

4. Consider Pre-Booking Hotels and Cab

- It's a good idea to book your stay at Hotels and airport pickup in advance via platforms like MakeMyTrip, especially if your flight arrives late.
- Naga/North east PG and homestay recommended by us:

PGs and Homestays	Contact Person	Phone Number

- Other option to book a Hotel or Airbnb for the Initial Stay
- Use reliable services like Airbnb or MakeMyTrip to book your stay. Do not rely on staying at a leader's house unless you have no other option and have informed them beforehand.

5. Install Essential Apps in Advance

- Download and set up apps like Uber, Ola, Rapido, Namma Yatri for Auto, cabs, and scooters. These make it easy to get around, especially when you're new.
- Avoid Unofficial Auto-Rickshaws: Use only trusted apps like Uber, Ola, Rapido, or Namma Yatri to book autos. Street-hailing autos often overcharge 2x to 3x the reasonable fare.
